

Artwork requirements for Exhibition Carpeting.

PHOTOSHOP (CS3)	TIFF (PSD)	Photos, images with pixels TIFF>>LZW Compression - IBM PC
ILLUSTATOR (CS3)	AI, EPS, PDF	Vectorized, logos, plain colors * everything vectorized (fonts)
INDESIGN (CS3)	PDF	

- * **Save the file as CS3** when working with a higher version!
- * Leave space of 5 cm of the edge of the layout, free of image.
- * **Text/lines on carpet have to have a minimum of 2 mm linethickness.**

COLOR PROFILE

RGB	Adobe RGB (1998) << Best Results SRGB IEC61966-2.1
CMYK	Coated Fogra39 Euroscale Coated v2 Iso coated v2

<< Our Color Book works with this profile!!!!

Files will be converted to Adobe RGB(1998)
when we have to fit in colors from
our colorbook!!

- * **WHITE: R:255 G:255 B:255 and for BLACK: R:0 G:0 B:0**
- * Put in the white color as white, don't leave it transparent in the file!
- * When a **Pantone Color (Coated, Uncoated)** has to be printed, we look to put in the best matching color of our color range!
(Please mention the use of Pantone Colors in the order!)
- * **Colors from the colorbook can only be put in when the file is vectorized!**

RESOLUTION

PHOTOSHOP (CS3)	TIFF (PSD)	76 dpi	at 100%
ILLUSTATOR (CS3)	AI, EPS, PDF	76 dpi	at 100% *

* **Can be delivered at 10%! Important is that you make sure that,**
when putting in images, the end resolution after enlarging contains 76dpi!
